

Clinical Leader Manager – Specialty Clinics

Specialty Clinics, Breast Centre & Occupational & Environmental Health Clinic:

Specialized Complex Care Program is looking for a results orientated individual who is seeking a fast paced management position in an ambulatory setting. You demonstrate a visionary, innovative and collaborative style. In this role, the Clinical Leader/ Manager (CLM) will draw upon their team building and change management skills to provide contemporary leadership & direction to a multidisciplinary team in advancing organizational initiatives.

The CLM is responsible for the delivery of care throughout the Breast Centre, Occupational & Environmental Health Clinic, and the Specialty Clinics while ensuring that the various functions within each area continue to evolve in response to changing corporate needs. You will be accountable for maintaining efficient, effective operations within a defined fiscal envelop while ensuring professional practice and staff development are in keeping with changing needs.

The CLM is also expected to actively participate in Program specific and Hospital wide initiatives and committees.

Qualifications:

- Registration with the College of Nurses of Ontario
- Baccalaureate in Nursing
- Minimum 5 years current hospital experience
- Master's Degree preferred
- Demonstrated excellent leadership and management skills
- Excellent organizational skills
- Demonstrated knowledge and skill in critical thinking and decision-making
- Demonstrated advanced computer skills
- Excellent proven complex decision & problem solving skills
- Demonstrated success in leadership of multidisciplinary teams
- Current CPR or BCLS certificate
